

Position Available

SEASONAL GROW APPALACHIA FIELD WORKER

Red Bird Mission is seeking an individual to be a field worker for the Grow Appalachia Project. This is a seasonal position for 32-40 hours per week for 25-30 weeks. The position may be renewable depending upon the grant status. Candidates must be able to work with minimal supervision and get along well with others. Candidate must have general knowledge of vegetable gardening through experience. Knowledge of sustainable organic practices is preferred. He/She must have a valid driver's license and have a positive driving record. Must pass a drug screen and criminal background check. Ability to complete reports is needed. Must be able to utilize various hand and powered gardening equipment.

Job responsibilities include: conducting home visits to assess resources needed, tilling and assisting homeowners with gardening, developing a community garden, providing the community with fresh produce, attending trainings with UK Extension and other partners, and operating the Red Bird Farmer's Market.
